

## Options When people say “I don’t have the money.”

1. Call your Credit Card company and ask them if they will increase your available credit to \$600 (Elite-Turbo \$589). If they decline, ask for \$350 (for Elite without Turbo \$339).
2. Watch this 1-min video for **3 options**:

3. Contact [Paypal](#) & get **PayPal Credit** for \$350 or more and pay it back over time.
4. **Borrow \$340 from a Relative**. Let them know you are starting a business but you need \$340 to start. Then you will give them 100% of your income (or whatever % you agree on) from the company until they are paid back. If they hesitate or are skeptical -- offer them something of collateral they can hold until you pay em back NLT (-date-) and if not paid in full by that date, it’s theirs to keep.
5. If you’re serious, here is up to **\$800**. That you do not have to pay back. How does that sound?

Do NOT assume that you cannot. You don’t know what you don’t know! IF you need the money, it is worth a few minutes to check it out. Right? Here is a solution that could get them (or YOU) up to \$800 fast. Click the link below and 16 second video below:

6. We can also help most people find **HIDDEN MONEY** that they may not be aware of. Would you like me to show you might find some HIDDEN MONEY?”

**Answer:** Most people who will **SEARCH** their -Attic -Basement - Garage -Closets -Patio and Home often find something(s) that they can SELL so they can buy their business package.

Here are **some items** that people often sell rather quickly (especially if unused for 6+ months):

Jewelry (rings, watches, necklaces), musical instruments, power tools, extra cell phones, ipad, tablet, furniture, coins, lawn equipment, golf clubs, cameras, kitchen appliances (juicer, bread maker, coffer maker, blender), speakers, headsets, bicycles, patio furniture, xbox, playstation, car wheels, clothes in good shape, shoes you've never worn, guns, grill, golf equipment

**WHERE to sell them:** (Fastest) Local Pawnshop, (Fast) Craigslist, eBay, Yard Sale, family or friend

7. **FREE Money from banks or credit cards!** - Many banks and credit cards will pay you to open an account. This is not instant money, but over 30, 60 or 90 days you can have free cash into your new bank account.

Normally, they want you to USE your new account in order for them to GIVE you FREE money. Many times this is in the form of "Direct Deposits" maybe from your place of work, from your Social Security income or some other place.

Sometimes, the bank or credit card will expect you to make a certain dollar amount of purchases with them to qualify for their free money into your account. **Just read their instructions.**

**Often**, the problem is not that a person does not HAVE the money, it's rather – they do not want to SPEND the money.

**Why?** They do not see or understand yet how they will earn the money back and be in a profit.

Enroll just **3** people and you will earn more than your startup cost, AND you will not have your credit card charged \$120 per month!

Some say:

“I’ve tried a home business before and it did not work out for me.”

**I reply:**

“Sound like the first person I dated, or the first car I drove, and yes even the first business I attempted. Tell me YOUR story, Which home business did you do?” \_\_\_\_\_

**“Don’t Quit Before the Blessing!”**

It is our goal to get you financially successful, so you **never** say to anyone “***I don’t have the money for that.***”

**“Where there is a WILL, there IS A WAY!”**
